

System Setup

- Once roster files have been imported, create the Test Event.
- Test Assignments are then created within the Test Event.
- After the Test Event and Test Assignments have been made, test administrators can create Test Sessions.

Score & Reporting Details

5.Test Event Date: Use the midpoint of the testing window as the Test Event Date. Testing can begin 30 days prior to this date and can continue testing 30 days after the Test Event Date. a.Normative Year: Most current normative data is 2017.

b.Normative Period: The normative year and normative period are automatically populated based on what is entered as the Test Event date.

6.Achievement Scores: Leave default selection.

7.Ability Scores: Compare a student to other students within your district.

(For example, how did David in School A perform on the assessment compared to Michael in School A or Jacob in School B). *National comparisons are the primary scores provided.*

8.Suppress Program Labels: Select "Suppress Program Indications from Class Reports" if sensitive student information, such as Free and Reduced Lunch, Special Education, etc., should not be displayed.

9.Teacher reports. This information appears only if included in the roster file when submitted.

Online Testing Details

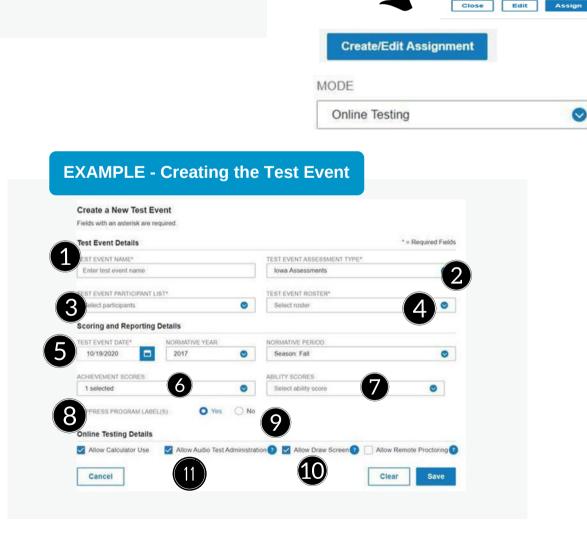

10. Allow or disallow Draw Screen
Students will see the draw screen after
logging in successfully and after
completion of each subtest
11. Allow Audio Test Administration:
Allow provides the option for Test
Sessions to be created as
"Proctor-Led" when the Proctor reads
the directions, OR "Audio" where
students hear directions through
headphones. Available for K-2 Only.
12. Click Save.

Create Assignments

 After the saving the Test Event details, click the blue Assignments tab in the right hand corner and Create/Edit Assignments.

Status: Open

- Click Online Testing for the Administration Mode.
- Click Online Testing for the Administration Mode.

System Setup

Creating Test Assignments

Choose the **Test Group for each grade**, and the **Level** and **Battery** will default to the recommended levels for those grades participating in this test window. Click Save.
