

Texas Bilingual Reclassification

Technical Readiness

Online Testing through *DataManager*

Technical Readiness: Check for district readiness for online testing by following these steps:

- ❑ Step 1: **Validate** DataManager System Requirements
- ❑ Step 2: **Install** the Secure Browser App (notice there are tiles for instructions for Windows & Mac, and app downloads specific to Windows, MSI, Mac, and Chromebook)
- ❑ Step 3: **Whitelist** the IP Address and Port Listing
- ❑ Step 4: **Perform** Technical Readiness Tools
- ❑ Step 5: At least 5 days prior to testing, **verify** the Technical Checklist to ensure you're ready for online testing
