

# The Woodcock-Johnson® IV University Training Program

WJ IV® University Training Program offers a series of learning courses designed to facilitate your instruction on the administration, scoring, and interpretation of the WJ IV suite of assessments. The UTP offers professors the resources they need to implement the course in a variety of instructional settings. The modules progress in sequential order from an introduction to the WJ IV, to administration and scoring the tests and clusters of the WJ IV, to making meaning of derived scores.

## Available Test Batteries:

Woodcock-Johnson® IV  
Tests of Cognitive  
Abilities (WJ IV® COG)

Woodcock-Johnson® IV  
Tests of Academic  
Achievement (WJ IV® ACH)

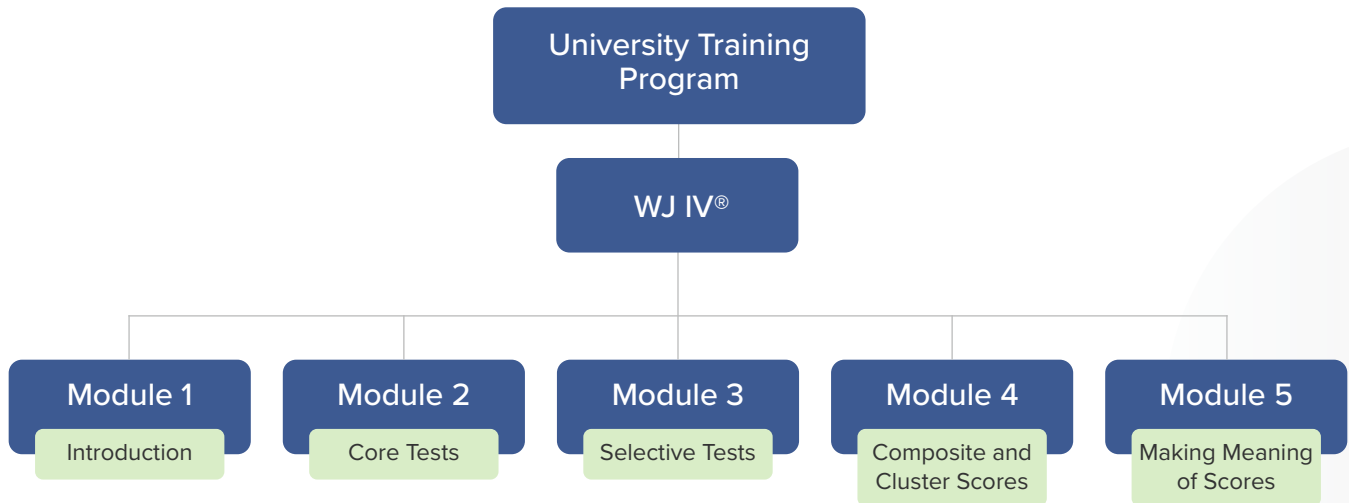

Woodcock-Johnson® IV  
Tests of Oral  
Language (WJ IV® OL)

## Benefits of the University Training Program

### STREAMLINED TEACHING AND EASY TO UNDERSTAND CONTENT FOR STUDENT PRACTITIONERS

- Key WJ IV content is available in interactive video format and via standard PPT for use in a live, online asynchronous, or online synchronous course.
  - Interactive videos include audio recordings that narrate the course for self-paced learning.
  - Standard PPTs also include scripts professors can use to narrate when teaching.
- Easy to use knowledge checks and supplemental materials, including a syllabus template.
- Courses are compatible with Learning Management Systems so professors can monitor successful completion of course content.

## Module Breakdown

## WJ IV University Training Program Structure

Each WJ IV battery is broken down into separate modules

Each Module has a knowledge check to assess understanding of content

Select Modules have Supplemental Activities for students to further apply their learning

All modules have associated resources that will be made available to professors and trainees
